

# Help time-strapped managers learn in the flow of work

Glint's mission is to help people be happier and more successful at work by translating employee feedback into timely, effective action

This is the 'Suggested Actions' experience in Glint. Notice the 'Add to goal' call to action which will add a video to a manager's own action items.

## Right content

Team managers will find targeted LinkedIn Learning videos as they explore suggested actions to improve their survey results in Glint.

## Right format

106 bite-sized videos, handpicked by Glint's People Science team, to help time-strapped managers improve employee engagement.

## Right format

Team managers can tailor their own learning by adding LIL videos to their Glint action items.
