How to:

Manage Licenses

Disable a license

If you would like to temporarily put your LinkedIn Learning Hub integration with a content partner on hold, you can choose to disable it by turning it off.

Please note that disabling a license does not delete the integration.

Delete a license

If you would like to remove a content partner from LinkedIn Learning Hub permanently, you have the option to delete your license(s).

You will no longer see any of the partner content in your account and learners will no longer be able to consume the content.
