

LinkedIn Learning for Library

Unlimited online training for your public library

LinkedIn Learning for Library provides public library patrons with unlimited, cost-effective access to great content from Lynda.com plus courses offered in following languages: English, French, German, Japanese, Spanish, Mandarin, and Portuguese—onsite or offsite.

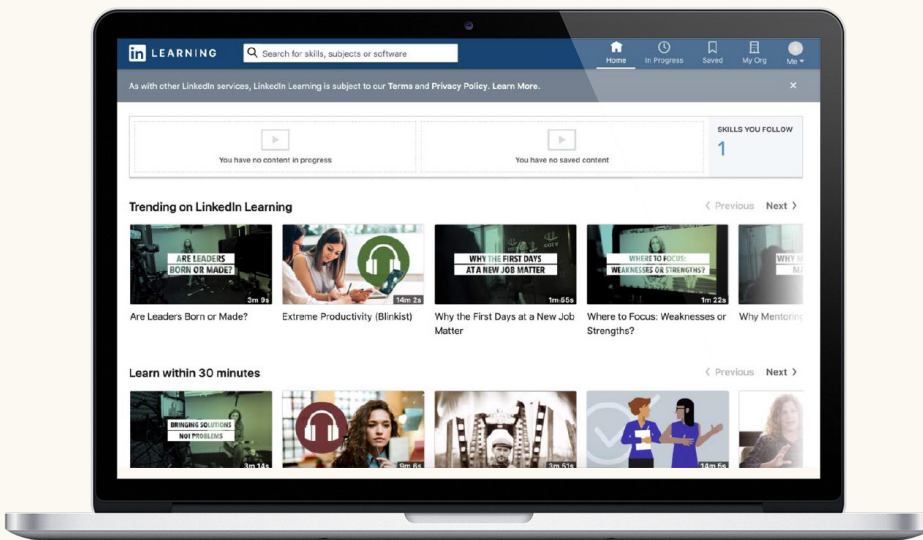

Inspire anyone to learn the latest software, creative, and business skills. Give users of any skill level, bite-size tutorials, or comprehensive courses, on hundreds of topics. Encourage personalized and self-paced learning, roll out a new source of reference material, and offer a community benefit.

For patrons

- Keep up to date with technology
- Build career-boosting business know-how
- Explore hundreds of topics in management, leadership, and marketing
- Gain multimedia, design, web development, and social media skills
- Get immediate, just-in-time answers to questions

Features

- Expert instructors
- Searchable course transcripts for immediate answers
- Downloadable exercise files that reinforce retention
- Access to all courses
- New courses added weekly
- Privacy and security—TRUSTe compliant
- Certificates of Completion
